1 tricotin, 6 square strass of 1/2 in/1.3 cm x 3/8 in/1 cm, 1 magnetic brass closure.

WORKING INSTRUCTIONS:

Work the 3 spirals and the round of neck with tricotin, foll drawing.

Sew 1 strass in the centre of each ring forming the spiral.

ASSEMBLING DIRECTIONS

Place each piece on a towel and pin to measurements, following the schematic.
Steam pieces lightly (except for Mohair and Angora). Let pieces dry completely before removing pins.
Sew the pieces together using a yarn needle or crochet them together using the diagrams as follows:

SHOULDERS

- Insert hook into the seam or the back of a st on each side.
- Work a single crochet to join the sts.
- If the yarn is large enough, you can work through open sts, that is: do not bind off the sts and leave a long enough strand to make one row.

SIDE SEAMS

- Insert hook into the seam or the back of a st.
- Work slip stitch.

SLEEVE SEAMS

- Work in slip stitch
- Work in single crochet

JOINING SLEEVES

Join the sleeves to the body as follows:

- 1 - divide the armhole into three equal lengths and mark them.
 - 2 - Divide the top of the sleeve in same way, with more or less the same three length as the armhole.
 - 3 - Match the sleeve cap to the armhole and pin or baste in place.
 - 4 - Crochet the sleeves to the armhole using single crochet.
- After seaming, lightly block the seams on wrong side.

THE GAUGE

Before beginning any project, knitting a gauge swatch is highly recommended. As everyone has their own unique style of knitting, checking the needle size to obtain the correct gauge is a necessary step to ensure that your project will fit properly. This prep work will save invaluable time and prevent wasting materials due to a garment that does not fit.

Your gauge must match in the number of stitches and rows to the one given in the instructions.

HOW TO KNIT A GAUGE SWATCH

Knit the swatch with the main yarn used in the project. Carefully read all the instructions written on the skein's label. Knit a swatch measuring at least 15 cm or 6" square in the pattern stitch listed in the Gauge section. If you use selvage stitches in your swatch do not count them in the measurements.

HOW TO COUNT

Mark the center 10 cm or 4" square on the swatch and count the number of stitches and rows in this square.

WHAT IF YOU GET LESS STITCHES THAN ROWS

You knit looser. You must therefore use smaller needles.

WHAT IF YOU GET LESS STITCHES THAN ROWS

You knit tighter. You must therefore use larger needles

TIP

Even if your gauge swatch matches the one given in the instructions, check your knitting after working several centimetres or inches of your first piece to be sure that your gauge remains consistent. Because a gauge swatch is much smaller than an actual knitted piece, your gauge could be looser or tighter on the smaller swatch than it would normally be in a larger piece. If your gauge on the larger piece is other than the stated gauge, change your needle size accordingly.

Chain Stitch: Be sure to keep the stitches regular and at an even tension.

Bring the yarn up through the fabric from the wrong side at 1. Insert the needle at 2, just next to where the yarn came up at 1. Make a small stitch bringing the needle out at 3 and hold the needle lightly to keep the yarn under the stitch.

Insert the needle at 4, which is the same place where it came up at 3, bring the needle put at 5, hold the needle lightly to keep the yarn under the stitch.

Continue in this way, and do not pull yarn too tightly. End with a small stitch.

Duplicate stitch

St st

- Bring yarn up at 1
- Insert at 2
- Bring up again at 1
- Insert at 3
- Insert again into the st above or at the side

Elastic method for binding off

1 - Along 2 rows preceding bind off row work only k sts and slip p sts purlwise, with yarn in front.

2 - Insert tapestry needle in selvedge st, from front to back or left to right. (If foll st is a k st, insert in 2 sts at the same time). Slip st (or both sts) from needle and pull thread tight.

3 - Insert needle in foll p st, from left to right or from front to back. Pull thread. Leave sts on LH needle.

4 - From right to left insert needle in last k st (which is not on needle anymore) and in foll k st.

5 - Insert once more, from right to left, in p st. Pull thread. Slip 2 sts (1 p st, 1 k st) from needle.

HOW TO SEW A BAND WITH A BACK STITCH

Unrip a few sts worked with the auxiliary thread, insert needle in st 1 and come out in st 2, each side of one center st. Repeat with following stitches.

Crab stitch

1. Make 1 chain

2. Insert hook in 1 st

3. Yo hook and pull up a loop

4. Yo hook and draw through 2 loops on hook

5. Insert hook in 1 st to the right,
yo hook and pull up a loop

6. Yo hook and draw
through 2 loops on hook

7. End the crab st border
in the round

8. Insert needle in 1 st (1) at beg of rnd,
then through st at end of rnd (2)

TO MAKE A POMPON

1

2

1- Cut a piece of cardboard in two circles of the same size: the diameter corresponds as closely as possible to the finished size of the pompon. At the center of the circle, trace a little bit smaller circle and cut this circle out. The larger the inner circle, the thicker the pompon will be. Wrap the yarn around these two cardboard circles until the opening in is filled.

2 - Cut the strands all around the perimeter. Slip one strand between the two cardboard circles and knot it tightly.

3 - Trim the outside of the pompon with sharp scissors.
